

The series continues! Join NanoString for this Advancing Science conference held in conjunction with Oxford Global: Biomarkers UK

## The Spatial Biology GeoMx<sup>®</sup> DSP Best Practices Town Hall and Workshop

**05 MAY | 09:00 - 13:30 BST**  
**Hybrid Format - In Person/Virtual**

The first in-person event focused on Pharma and Contract Research Organizations (CROs). Both current GeoMx DSP owners and interested Biopharma and CROs are invited.

### Town Hall and Workshop Takeaways

- Learn about experimental design challenges and solutions from CRO experts
- Participate in a collaborative Town Hall session and Working Lunch to shape a GeoMx Best Practices Framework to guide successful execution of spatial biology studies
- Join the multidisciplinary working group that will take learnings from the Town Hall into a collaborative publication as an outcome of the meeting
